

IN PARIS

I am going to spend two weeks in Paris. I will probably go alone or I might go with a friend. I will go by train or by plane. I think I will stay at a cheap hotel or at a youth hostel because I am going to be a student and I might not have a lot of money. I will see a lot of sights: the Eiffel Tower, the Louvre museum and the Mona Lisa... I will be able to eat baguettes, delicious crossiants, French pie and listen to French music all day. I will be able to speak French and learn some new words. I think that at the beginning it will be hard to understand French people but that is the best way to learn French. But I am also a little worried. I might feel homesick. I will probably miss my family, friends and my country. And I might not have fun there and I might not understand people... Maybe I will have some trouble with accommodation and things can go wrong. But I am still optimistic about this trip, I think I will learn French, I will have a lot of fun and I will be able to eat a lot of food;)
